Proposal of feasible economic strategies that can support our project

Model Proposal

involvement of existing entities

Strategy of the Trojan horse

Strategy and tactic,
Dominee vs dominant,
Michel de Certeau and Art de faire.

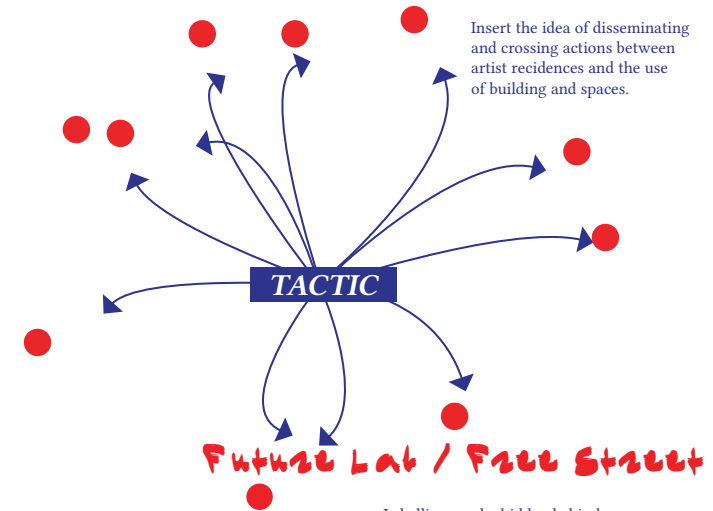

Methods of Trojan horse,
Strategy or tactic.

Open disposition (apparatus),
closed disposition.
Auto-generated.

Use the audience from the place and deviate from the main topics. Keep in mind. The public doesn't go easily into the institution.

Insert the idea of disseminating and crossing actions between artist residences and the use of building and spaces.

Coat the room for alternatives into mainstream attractions & acknowledge their power as a tool.

Labelling can be hidden behind, used as a screen or creating a community.

the design of the future Lab

is still in progress
